SUBAREA 6 MASTER PLAN UPDATE WORKSHOP

Northeast Study Group

Join Atlanta BeltLine, Inc. (ABI) as we update the 2011 Subarea 6 Master Plan which is a plan to help guide growth for vibrant, livable mixed-use communities by applying best management practices for transit-oriented development, mobility, affordable housing, greenspace and alternative modes of transportation.

In these workshops, we will be collecting input on the Subarea 6 Master Plan goals as well as recommendations for future land use/housing, urban design, mobility, greenspace, and other elements. Design stations will be interactive and staffed to help guide you through the exercises. Stations have been organized to promote social distancing; however, masks are strongly encouraged. All three workshops will cover the same material.

Take a few minutes and explore our project website which includes interactive activities and a survey. beltline.org/subarea6update. We hope to see you soon!

WORKSHOPS W/ DESIGN TEAM:

Thursday, May 19, 2022
